

# ADHD PSYCHOLOGICAL ASSESSMENTS

ADHD and ASD are often difficult diagnoses to make, even for a competent Clinician. Marsai Clinic proposes to engage in making this diagnostic process comprehensive, streamlined and affordable to prospective clients. This is aimed at reducing any false positivity in this area, and speed up the pathway-to-psychiatric care process. We are now offering the following packaged screening services at our clinic from April 2022 to assist in your correct diagnosis and ongoing treatment.

*You and your Psychiatrist will receive your report on the same day of your assessment!*

**1. ADHD Screener & Report** in addition to consultation and ADHD cognitive & behavioral intervention strategies

**\$259** (Medicare refund/rebate \$62.55)

**2. ADHD Screener & Report** in addition to consultation and ADHD cognitive and behavioral intervention strategies

Including a **Comprehensive Personality Assessment** (includes how your personality works for you or against you within work and business)

**\$475** (Medicare refund/rebate \$88.25)

**3. ADHD Screener & Report** in addition to consultation and ADHD cognitive and behavioral intervention strategies

Including an **Intelligence Assessment (iQ)**

**\$795** (Medicare refund/rebate \$88.25)

**4. ADHD Screener + Comprehensive Personality Assessment + intelligence Assessment Report**

**\$895** (Medicare refund/rebate \$88.25)

**Important message:** Whilst you do not require a Doctor referral to book and see the Psychologist, you will need a Health Care Plan if you wish to reclaim some of the overall cost through Medicare.

Health Care Plan requirements: To request intervention and support in regards to ADHD. The Doctor will need to include the company name - Education Assessments, Ability Solutions.

A Health Care Plan is not required if you are reclaiming a rebate through your **private health insurer** (please note only packages 3 & 4 are eligible). To check the rebate amount you will need to quote the following **Code: 100**

With a completed assessment as above, as part of your workup for a proper diagnosis, your Psychiatrist will be able to see you as a priority within a considerably shorter period of time. Please discuss the details with clinic staff if you have any further queries.

Booking: Please email your name and DOB. We will contact you in April to schedule your assessment.
